

Newsletter: Project Hästen 21

2022-12-20

This is the ninth newsletter regarding the construction project "Hästen 21", in the intersection of Regeringsgatan and Mäster Samuelsgatan.

The project will continuously distribute bi-weekly information about ongoing and upcoming activities to make sure you are informed about what is scheduled to happen.

If you don't wish to receive these updates, or want to add someone to the distribution list, please send an e-mail to projectaccess@pembroke.com.

Current activities

 = minor disturbance  = brief but with higher intensity  = persistent

- Light demolition and decontamination
- Transports to and from the fenced area, on Regeringsgatan, Mästerfaret and Mäster Samuelsgatan
- Demounting and reuse of current building parts
- Façade scaffolding at Hästen 21's south border
- Demolition of casting mold
- Preparations for the crane mounting, Mäster Samuelsgatan and Mästerfaret

- Refilling gravel at Mästerfaret

- Forging works for the crane foundation, at Mästerfaret and Mäster Samuelsgatan
- Rearrangements of Traffic device-plan at Mäster Samuelsgatan to prepare for mounting of crane, December 26th after 10 pm.

Upcoming activities within the next three weeks

- The current activities, stated above, will continue for a few more weeks
- Mounting of the crane is planned to start during week 52

Planned activities outside normal working hours

- Work after office hours during weekdays until week 52

Special attention needed, for example planned cut in water and electricity, noise and vibrations etc.

- Closure of Mäster Samuelsgatan during 27/12-6/1 2023, due to mounting of crane. Mellangatan and Mästerfaret will not be closed for traffic during this time. The only section that will be closed for traffic is Mäster Samuelsgatan between Regeringsgatan and the Hästen 21 construction site.
- District heating will be switched off on January 16th for some hours. As it'll only be switched off for a limited time period, there will only be a small change in the indoor temperature. You can read more here: www.stockholmexergi.se/avbrott
